Activities Abound Despite Social Distancing

RORY BYRA, COMMUNICATIONS COMMITTEE

Did you know that there are plenty of activities still happening at the Clubhouse and throughout our community to enjoy? If you are looking for something to keep busy with the last few weeks of summer, we want to remind you that the Club is still planning daily schedules (weather permitting) for the whole family to come and participate in.

Even though there is social distancing and masks, there are still a lot of options to choose from. Beaches and playgrounds are open. Not only that, the ball fields are available for use, the Clubhouse Activity Center is open daily and there's a full calendar of events too. In addition, the coming weeks offer the return of Friday Night Lights for teens and adults: Come down and enjoy dinner, lawn games and more; Art on the Lawn (see article on Page 2): a 2-day event showcasing local art to view; and weekly yoga where you can bring your mat down and de-stress on the lawn.

The full schedule of activities, themed by week, offers many options for all ages that families can come take part

in. Recent themes were dinosaurs, monsters and princes and princesses. Next week highlights Western Week. Come by the Clubhouse and enjoy everything from badminton, corn hole and bean bag toss to coloring your own western vest and more! The full calendar of events is always available in the weekly Newsette and also on our website: www.hlcc.org.

With all of our lakes, sailing is also a great activity to join in. There are sailing races weekly through the month of August. Don't sail? That's okay - you can still come and watch, cheer and enjoy the sights of those racing.

There are also plenty of behind-the-scenes ways to get involved as well. Volunteers are always welcomed to our many committees, as all of these activities need the support of our community members who lend their time and energy. Volunteering is so wonderfully rewarding and brings community members together, both for those who organize our events and also those who attend. These events bring smiles and that warm family feel that Highland Lakes has always been known for.

Additionally, there are frequent updates about activities and other happenings on our Facebook page: @highlandlakesnj as well as our Instagram account: @hlccnj. If you aren't already following us, be sure to check our pages out for the most up-to-date information. We also encourage members to share any pictures taken throughout the community as well as when you are joining in these great events. We are excited to share them on our social channels when we receive them. DM us with a quick caption about your photo and we will share.

As the summer winds down, it is easy to forget that there is so much in our own backyard to enjoy. Families are welcomed and encouraged to come and enjoy what the Club has to offer. Our activities are family friendly and socially distanced so everyone is safe.

Art on the Lawn

DENNIS DALELIO, COORDINATOR

August 29, Rain Date August 30

The HL “Art on the Lawn” event will take place on August 29 from 11 am -5 pm. Display your art, your kids’ art, create an installation for all to enjoy throughout the “Art on the Lawn” event on Saturday August 29, 2020. Drive, bike, or walk around our creative Highland Lakes neighborhood and check out the creativity! Social distance as always!

The goal is to encourage a whole neighborhood to “show off your creativity day” from kids to adult, amateurs to pros. Show your paintings, sculptures, mixed media, and photos. Play music, dance, read poetry, create something on the spot.

August 29 also happens to be the “International Play Music on Your Porch Day” as well, so make some music for all (or just the squirrels) to enjoy. A map will be created and shared with artists who have promised to display work so you will be sure to see some art as you get around the neighborhood. Rain date August 30. For more info contact; Dennis Dalelio 201-310-5585 daleliod@yahoo.com

Beach Rules

Everyone’s Safety Matters

Beach rules have been adopted for everyone’s safety and comfort. Failure to obey posted rules will result in expulsion from the beach and/or other disciplinary action.

- Swimming is permitted ONLY when a lifeguard is on duty, within the roped-in areas, and is done at the swimmer’s own risk.
- Lifeguards supervise the roped-in areas only.
- Directives from lifeguards must be followed at all times.
- Flotation devices may only be used where the user can stand.
- An adult must accompany children requiring supervision.
- Swimmers must enter and leave the swimming area via the beach.
- Swimming is prohibited when thunder or lightning is present.
- Roughness, rowdiness, spitting, foul language, littering or other conduct affecting the safety and/or comfort of others is prohibited.
- Alcohol, glass containers, and pets (with the exception of dogs used for medical/physical assistance) are not permitted on the beach at any time.
- New Jersey’s bathing beach regulations require that all children in diapers must wear plastic pants with snug fitting elastic waist and leg bands. Acceptable disposable swim pants are now available in the diaper aisle in grocery stores. Do not wash out soiled diapers in the bathing water.
- All boats must stay clear of the swimming areas. Boats may not drop-off or pick-up swimmers from within the roped swimming areas.
- Fishing is prohibited within designated areas at all beaches.
- In the interest of the safety of all members using our beaches, please be advised that grills are allowed ONLY on Beaches 3 and 5 and ONLY in the grassy area where the picnic tables are, away from the beach patrons, lifeguard equipment and any playground equipment. Your cooperation is appreciated.
- Smoking, vaping or the use of tobacco products is prohibited at all times on all Club properties, including Club beaches and parking lots.

Ladies “Match of Cards”

SUE BURUCHIAN

Ladies Golf Outing Recap

This year's Ladies Golf Outing brought out the talent! Twenty-three ladies played Farmstead Valley Course on August 11. We had beginners to seasoned players and all had a great time with 9 holes of fun, memorable shots and a delicious lunch under the canopy. Farmstead helped execute the “match of cards” to break the ties. This is where you look at the hardest holes and find out who beat who to determine your winners. But before I announce the HL Callaway winner, let me first thank Kristen Weiss, last year's HL winner.

She coordinated a flawless event for all of us to enjoy even during the pandemic restrictions and while moving the day before this outing. Thank you again Kristen and all those who came. Awards were donated by OnLine Imprints, LLC and Effective Edge Media and Farmstead Golf Course. We look forward to and encourage more young members and new members to join us for the fun next year for ladies day out on the greens. The ladies also collected \$80.00 which they are donating to the Goodwill Fund. Come join us next year. Save the date for the 52nd outing on August 10, 2021.

Award winners of the 51st Annual Golf Outing were:

Low Gross - Foley Cup Winner- Maryann Gunning – HL member
Low Gross - Kathy Corbett Brennan
Low Net - Kristen Weiss
2nd Low Net - Diane Landes
Longest Drive - Kathy Deadly (what a shot!)
Closest to the Pin - Amy Bravenboer
Fewest Putts - Kristen Weiss
Most Honest- Leslie Zeigler Pederson
Team Ball - Tressa Kabbez, Maryann Gunning, Cathy Corbutt Brennan & Kathleen Deady

Pickleball Update

KATHI TAYLOR

As the summer season starts to wind down, we are continuing to play at our regular times of Monday and Wednesday nights at 6 pm and Ladies

Pickleball on Friday mornings at 9 am. Once we enter September, we will be adjusting our start times. Watch for

the Labor Day Newsette for the new times. Until then, grab a paddle, wear your badge and sneakers and head over to the courts! Any questions, call Kathi Taylor 973-303-2689.

Grasshopper League Update

CHIP ZIEGLER

Thursday, August 13 saw the best softball turnout of the year so far. We had 12 boys and girls, so we split up into teams and played 3 innings. The Hornets, led by Ashley and Matthew Antonini took the field first. The Wasps lead by Anna Ziegler and Derek Flemming led off with a 5-run first inning. The Hornets battled back with some nice hits from Anthony, Julie, and Ashley. The Wasps saw a home run by Derek, while Silas had a double, and Joe and Dimitri had nice hits into the outfield. The final score was 10-7, the winning out was a nice catch by Anna.

Next week we are hoping to play Tuesday and Thursday night, all boys and girls are welcome to increase attendance.

Ecology Corner

BARBARA JAGGI, CHAIRPERSON, ECOLOGY COMMITTEE

Introducing the Emerald Ash Borer (EAB)

Emerald ash borer (EAB), *Agrilus planipennis* Fairmaire, is an exotic beetle that was discovered in southeastern Michigan near Detroit in the summer of 2002. The adult beetles nibble on ash foliage but cause little damage. The larvae (the immature stage) feed on the inner bark of ash trees, disrupting the tree's ability to transport water and nutrients. Emerald ash borer probably arrived in the United States on solid wood packing material carried in cargo ships or airplanes originating in its native Asia. As of October 2018, it is now found in 35 states, and the Canadian provinces of Ontario, Quebec, New Brunswick, Nova Scotia and Manitoba.

EAB is in New Jersey. Plan for EAB now if you have ash trees. Know what's at risk: how much ash you have, its size and quality, and where it's located. Consider the ecological, aesthetic, and economic value of your ash, your tolerance of risk, and your objectives for ownership.

EAB adults are green beetles approximately one-half inch long with slender bodies. Larvae are cream colored and up to 1 1/4 inch long. Larvae have brown heads and a 10-segmented body with bell-shaped segments near the back end. The EAB only attacks ash trees. Adults leave a D-shaped hole in the bark when they emerge in the spring. Woodpeckers like EAB larvae; heavy woodpecker damage on ash trees may be a sign of infestation.

How do I identify an ash tree? Ash trees have an opposite leaf pattern, which means leaves, buds and stems are located directly across from each other. Ash leaves are compound and typically consist of 5-11 leaflets. On mature ash trees, the bark is tight with a distinct pattern of diamond-shaped ridges. On young ash trees bark is relatively smooth. When present on ash trees, seeds are

dry, oar-shaped samaras. When seeds are present, they are paddle-shaped and in clusters that stay on the tree until late fall or early winter. Club management is currently assessing how to address possible infestation on Club property. More information to come in the next Newsette.

Chit Chat

ANITA JANKER

Much excitement reigns in the Janker family as Anita is welcoming a new and only grandson into her family. Jack Josef Janker was born on July 30 to Jeffrey and his wife Meaghan and he will be able to carry on the Janker name! He was 7 lbs. 3 oz. and 20 inches long---the exact same numbers as his father was 51 years ago. He is also welcomed by his Big Sister Maggie who is 3 yrs. old, and there is a proud Uncle Joe and his family that are amazed.

Anita, who could possibly be living in Highland Lakes longer than anyone else, hopes that baby Jack will be able to enjoy some of the many activities available to us all. Our most creative and efficient Sue Buruchian was able to provide onesies and sweatshirts for the entire family with the appropriate Highland Lakes sailing and fishing logos. We are all so lucky to be living here in the mountains so close to nature where we can find tranquility and peace in the magical setting that lifts our spirits in the woodlands and pristine lakes in the highest Lake Community in New Jersey.

Windsurf Happenings

KEVIN GASTON, FLEET CAPTAIN

Joey Wins!

Joey wins! He wins! The young and upcoming star got the inside edge over his uncle, namely me, around the last mark and literally never looked back the entire last leg. So, this is what happens when you combine the big boy toys (a 9.3 square meter sail) with young and hungry talent. I do, though, want to interject this comment from Joey that went something like this: "I learned everything I know about windsurfing from Uncle Kevin." To which I replied, "It took all of two minutes." I did have to beat him in the second race so that he would stay humble.

With the winds blowing in at around 8 mph out of the east southeast, I ordered a #2 red/red/finish course. I was last to cross the starting line but the first to finish. I attribute this to two factors. First of all, when I finally did start, I started in a more favored position higher to the wind than everyone else. This happened to be, in this case, near the middle of the line. The second reason has to do with luck. Since the wind is constantly shifting direction, even if ever so slightly, sometimes you find yourself in a lift while others are struggling with headers. I happened to find the lift.

In other notable racing news, Justin and Big Joe managed to somehow keep a safe distance between them thereby avoiding another all-too-familiar ugly crash scene. We're at that point in the season where we're getting down to the wire. In other words, it's crunch time. See you on the line.

Ladies Sunfish

SUE BURUCHIAN, FLEET CAPTAIN

Last Thursday our fleet was challenged with light shifty winds of 4 mph with gusts of 8. I called a Course 3, all red. It worked out well except, it seems at the 'Witts Mark', there were ghost winds of three choices 1 - stop dead in your tracks 2 - go backwards or 3- an unforeseen gust of wind carried you past all the competitors as you waved goodbye; (I think Casper was involved on that one!) Fortunately, all the ladies at various points, ended up with option 3.

We had three leaders - Emmaline, Kayla by a mile, and Nancy who at the finish was a foot difference to Emmaline. All the ladies enjoyed being close enough to chat about many things. It was "that kind of race". As always, thanks to Mark as dock committee timer and our safety boat of JT and Victoria who are always on hand if we need them. Fleet standings posted on the Club Board.

Results for 8/13/20:

1 - Nancy Grimaldi	5 - Diane Buono
2 - Emmaline Stoddard	6 - Christine Alber
3 - Kayla Murphy	7 - Janet Zetta
4 - Jessica Castiglione	8 - Ariana Stoddard

Sunday Sunfish

MLADEN KRESIC, FLEET CAPTAIN

August 16... "Brrr"

It was a cold, rainy and windy Sunday afternoon. I did say windy, so, of course, despite the brisk October conditions, 15 sailors plus our superb dock committee weathered the elements for a late afternoon race. Brrr... For the first time in years, we were able to sail sunfish on the day of the general meeting by moving the time to 4 pm.

A northerly wind, pretty steady at 10-12 mph, called for a long Course 3. Given the time and elements we were doing only one race, which went pretty fast, though you couldn't tell that to any of us wet and frozen sailors.

While some had some issues at the start (I heard a foul call somewhere!) a group took off along the western shore with Richie in the lead. From the get-go, Rich, Mark, Lyndsay, Will and JW gave chase. On the downwind there were some pretty serious gusts which usually closes the chase, however, the group of front runners looked like they wanted to get out of the water, fast! In the end, Richie got the best of the seniors, with Rich second followed by Mark, Lyndsay, Will and JW. Lagging behind, in the next group, saw yours truly hit the Reach Mark (not in a good way). After doing a circle, the entire leg became a duel with the colonel (Wayne) ending in a photo finish with me just ahead of Wayne followed by Bob, Rob S. and Luca beating out his son Albert! Rounding out with speed were James followed by Albert (joining us as a junior for the first time this year), Bill and Roger. Needless to say, no one stuck around for any post-race festivities...Brrr.

CAUTIONARY NOTE: A few sailors came too close to the stumps on the Reach Leg following the island. Luckily there was no incident, however, please stay away from the stumps and don't try to sail between them. It's not worth you or your boat. Thanks Allan and Brett for doing your usual excellent work and braving the elements. All, please continue to stay safe and healthy. See you next Sunday for a couple of races, weather permitting. If you have any questions, please e-mail me at mladen@negotiators.com or call/text at (203) 918-1102.

Force Five

ERIKA RODGER, FLEET CAPTAIN

Finally, some nice(r) wind! Good enough to get two races in, with two white buoys. Thank you to Sara Gillooley for dock committee and to the safety boat.
