### Boat Removal Notice from Docks and Racks

JACK MCLAUGHLIN, GENERAL MANAGER

**Boats must be removed from all docks and from all racks on the western side of Highland Lakes by Thursday evening, October 15, 2020.**

Please take NOTICE that all boats, canoes, kayaks, etc. on all Club docks must be removed by Thursday, October 15, 2020, in order to provide time for the Club's staff to relocate the docks for winter storage. This NOTICE also requires the removal of all boats, canoes, kayaks, etc. stored on the wooden boat racks and on the kayak racks on the western side of Highland Lakes by Thursday, October 15, 2020.

In alternating years, once the racks are clear the wooden boat racks on the western side of Highland Lakes are inspected and repairs are made if necessary in the fall and in the early spring. In addition to maintenance and repair, the purpose of this program is to require that all boats, canoes, kayaks, etc. return home in alternate years, ensuring that for the most part the spaces on these racks are actively used by members and not occupied by boats, etc. as simply storage locations.

Part F. of Club Rule No. 25 provides as follows:  
F. TRANSPORT TO RESIDENCE, REMOVAL TO STORAGE, PENALTIES FOR VIOLATIONS: Boats, kayaks, windsurfers, etc. of members stored in violation of these Rules which can be identified will be returned to the member's residence. Boats which cannot be identified shall be removed to storage. All boat removals will be subject to a special assessment of \$100.00. A daily storage charge of \$5.00, calculated from the date the boat was removed to storage up to December 15 will be imposed, when a special winter storage fee of \$250.00 will then be imposed. After June 15, a disposal fee of \$250.00 will be imposed. Boats may not be retrieved between December 15 and April 15. The Club may, in its sole discretion, elect to acquire title to any boat that has been determined to be abandoned, in compliance with the "Abandoned Vessels Disposition Law," N.J.S.A. 12:7C-7 et seq.  
(Adopted May 16, 2014 / Amended February 15, 2019)  
The following boat and kayak rack locations on the western side of Highland Lakes are affected by this notice:  
Lake 5 - Pocasset Road - Beach 7 area  
Lake 1 - Lakeside Drive - Beach 1 area  
Main Lake - western shore areas as follows:  
Club Park  
Comet Row  
Eckhart Sailing Center  
Crayfish Run Freeway at Winetka Road  
Sunrise Path Freeway at Wiscasset Road  
Freeway at Oneota Road  
Running Brook Freeway at stream crossing south of Oneota Road  
Catfish Path Freeway south of Ocala Road  
Freeway north of Monadnock Road  
Freeway at Lakeside Drive East near Main Lake dam spillway  
Avoid costly removal and storage assessments – remove your boats from all docks and boat racks as described above by October 15.

## Art on the Lawn

DENNIS DALELIO, COORDINATOR

### August 29, Rain Date August 30

The HL "Art on the Lawn" event will take place on August 29 from 11 am - 5 pm. Display your art, your kids' art, create an installation for all to enjoy throughout the "Art on the Lawn" event on Saturday August 29, 2020. Drive, bike, or walk around our creative Highland Lakes neighborhood and check out the creativity! Social distance as always!

The goal is to encourage a whole neighborhood to "show off your creativity day" from kids to adult, amateurs to pros. Show your paintings, sculptures, mixed media, and photos. Play music, dance, read poetry, create something on the spot.

August 29 also happens to be the "International Play Music on Your Porch Day" as well, so make some music for all (or just the squirrels) to enjoy. A map will be created and shared with artists who have promised to display work so you will be sure to see some art as you get around the neighborhood. Rain date August 30. For more info contact; Dennis Dalelio 201-310-5585 daleliod@yahoo.com

### More About the Emerald Ash Borer or EAB Infestation

Signs of infestation include:

- Bare branches at the top of the tree - this may be difficult to see if the tree is very tall
- Considerable woodpecker activity - woodpeckers feed on the larvae just under the bark of the tree
- Heavy branching at the bottom of the tree
- The insects leave a D shaped hole in the bark when they emerge in the spring

Once you have determined that you have ash trees on your property have them evaluated by a certified tree company. Once dead trees become very brittle and cannot be climbed. The tree can be dead within three years. All of our ash trees, if left untreated will eventually become infected. In order to save healthy ash trees it is appropriate to begin treatment now.

Treatment options include:

- Soil-applied systemic insecticides
- Trunk-injected systemic insecticides
- Non-invasive systemic basal trunk sprays
- Protective cover sprays

Any trees determined to be a high safety risk should be removed immediately. Actively infested trees should be cut down and chipped as soon as possible. For all other ash, it is best to complete removals in the fall or winter. The material must be processed (chipped or de-barked) before emergence (by late April).

It is important to have your trees treated by a certified tree company licensed to apply the chemicals used in treatment. This is not a home gardener's project. ## Grasshopper League

CHIP ZIEGLER

Thursday, August 20, we finished a very unusual softball season. Attendance has been very low, Tuesday there was just Katie, Lucas and the coaches. We continue to work on throwing, fielding, hitting, situational play, and sportsmanship. Thursday we had 8 players of all ages, so we enlisted parents to help fill in the empty spots in the field. The Hornets got off to an early lead, up 9-2 and the Wasps came back to eventually lead 19-12 in the final inning. The Hornets worked their way back to tie the game and eventually won on a pinch hit single into right field to end the game.

Thanks to all of the players and team coaches, Anna and Ashley, for making it a fun season. We saw growth in the play of Silas, Matt, Joseph, Katie, Derek, Josh, Jacob, and Max over the season, and look forward to another great year next summer at Highland Lakes.

The Highland Lakes Red Hatters took a boat ride on Greenwood Lake at Castle Cove and had a lovely meal at the restaurant there on August 21. Photo courtesy of Marian Benedicto

## Thank You Badge Checkers

SUE BURUCHIAN, BEACH 2 CAPTAIN

Beach 2 is one of the most beautiful beaches in HL. Yeah, everyone has their favorites but for me, it's beach 2. What also makes it special is that we have a boat launch which adds to the comings and goings of all the fun on our main lake. Whether it's a new kayak, sunfish, canoe or pontoon, this is where the boaters come and go to launch their vessels. With this in mind, our badge checkers do double duty by watching those entering the lake and protecting our beaches.

Although we won't be having the annual "appreciation event", I want to personally thank the following people who helped us all by protecting our private club. They take the time to protect our land and waters. Let's give them a hand! So when you see; Gail Morton, Bob Dittita, Phil Badu, Patty Thompson and Joanne Poppe - give them a special thanks. They deserve it and to all the badge checkers who volunteer in our club. Thank you! A special thanks also to the lifeguards who also do double duty when we volunteers can't be there to check. We can't run our Club without our volunteers. Please step up and help us all. Volunteer. It makes you feel good to give back.

## Beach Rules

### Everyone's Safety Matters

Beach rules have been adopted for everyone's safety and comfort. Failure to obey posted rules will result in expulsion from the beach and/or other disciplinary action.

- Swimming is permitted ONLY when a lifeguard is on duty, within the roped-in areas, and is done at the swimmer's own risk.
- Lifeguards supervise the roped-in areas only.
- Directives from lifeguards must be followed at all times.
- Flotation devices may only be used where the user can stand.
- An adult must accompany children requiring supervision.
- Swimmers must enter and leave the swimming area via the beach.
- Swimming is prohibited when thunder or lightning is present.
- Roughness, rowdiness, spitting, foul language, littering or other conduct affecting the safety and/or comfort of others is prohibited.
- Alcohol, glass containers, and pets (with the exception of dogs used for medical/physical assistance) are not permitted on the beach at any time.
- New Jersey's bathing beach regulations require that all children in diapers must wear plastic pants with snug fitting elastic waist and leg bands. Acceptable disposable swim pants are now available in the diaper aisle in grocery stores. Do not wash out soiled diapers in the bathing water.
- All boats must stay clear of the swimming areas. Boats may not drop-off or pick-up swimmers from within the roped swimming areas.
- Fishing is prohibited within designated areas at all beaches.
- In the interest of the safety of all members using our beaches, please be advised that grills are allowed ONLY on Beaches 3 and 5 and ONLY in the grassy area where the picnic tables are, away from the beach patrons, lifeguard equipment and any playground equipment. Your cooperation is appreciated.
- Smoking, vaping or the use of tobacco products is prohibited at all times on all Club properties, including Club beaches and parking lots.

## Windsurf Happenings

KEVIN GASTON, FLEET CAPTAIN

The following is the chain of events as they unfolded for the 3 pm windsurf race last Saturday:

2 pm: Light winds. I send a text to Chip Ehrhardt to get the wind conditions on his side of the lake. A response came back "it's doable".

2:15 pm: Three of us disembark from our Dock. Winds getting lighter.

2:45pm: A weak storm cell well to the south sucks all the wind off the lake.

3 pm: Five windsurfers, surrounded by glass like lake surface conditions, socialize near the starting dock.

3:07pm: Sunfish Fleet Captain, Mladen Kresic floats by in a pontoon boat and offers to blow hot air into our sails to get us going.

3:14 pm: The wind meter registers 1 mph. Someone asks "Is that a record?" I respond "No. We just tied the record. It's now at zero."

3:17 pm: Ripples appear on the south end of the lake and they're HEADING OUR WAY!

3:22 pm: A #1 course red/finish is called. The horn sounds and the startling sequence begins.

3:29 pm: Course is changed to a #2 red/finish during the first leg.

3:58 pm: During the second leg of the second race the course is changed from a #2 red/finish to a #2 red/clubhouse red/finish. I'm now too exhausted to continue writing anything else. See you on the line.

## Ladies Sunfish Fleet

SUE BURUCHIAN, FLEET CAPTAIN

It's anyone's season! The ladies of the HL sailing fleet are busy ladies. We are students, teachers, lawyers, dance instructors, nurses, administrators, business owners and care takers. With such busy schedules, there are days it's hard to coordinate the "play day of sailing". Today was that day for many. Our season leader, Emmaline is out for the season with college rescheduling at FDU. Arianne Stoddard (pictured) sailed her last race today as she's off to PACE. Teacher, Nancy also had to zoom and Diane was off due to scheduling conflicts and Christine was saving a bird's life. Yup, it happens. Life does get in the way and but we know as ladies, get it done. Oh, and Patty didn't get the ticket but taught the Trooper all about the rudder and centerboard in her car! She didn't make the race but boy did she try. Thanks to lifeguards, Shay and Cody for helping us out today and Mark our resident expert and dock man. Season standings on Club Board. Save the date of September 5 for COVI Benefit All Boat Regatta advertised in this issue. Those who could play were:

- 1 - Kayla
- 2 - Jessica
- 3 - Arianna
- 4 - Janet

ERIKA RODGER, FLEET CAPTAIN

**August 22**  
Today’s race started very worryingly, with so little wind that we weren’t sure we would be able to make even one buoy. But we ended up getting a little more consistent breeze, and ended up with a second race after all. Thank you to Sara Gillooley as always for dock committee, and to the safety boat.

## Sunday Sunfish

MLADEN KRESIC, FLEET CAPTAIN

**August 23...”Baking”**  
Every year, we get a “baker” for one or two of our sailing days; a day with little wind, high sun and high humidity. It was so flat that a couple of boats needed a tow from the maintenance boat just to reach the start line. While this could have been glass on the lake (it was just before 2), it picked up enough for us to go out on a short course 1. As JW got off the start in the middle of the lake, the rest of us were stuck trying a starboard tack from the west buoy. By the first mark, Rich had taken the lead with Richie, Mark and JW just ahead of yours truly. At the leeward mark there was not much change, but there was a 3-way contest for third at the finish, with Mark nosing me out at the west buoy, while JW crossed the line coming in from the center of the lake. Order of finish included Bob in 6th followed by James N., James S., Luca, Rob, David and Roger.

Before the second race it was clear that whatever little wind we had was dying. So, we started the race quickly with Richie and Rich taking off and Mark towing behind. That held through the finish and a painful baking downwind leg. Yours truly went around the windward mark twice (once forward and once backward), as David, Roger and Rob looked on. In the end, Richie edged out Rich for another win! Mark followed with James N. in fourth – congratulations James on a great finish - improving every time. Following were James S., Bob, JW, me, Roger, Luca, Rob and David.

NOTES: Hopefully everyone picked up your t-shirt from our dock committee. If you did not, I have them. The orders were put in early in the season, so if you joined us after July, we may be a little short. The sailors’ picnic that normally

happens after the last race on Sunday before Labor Day (this year September 6) will not be held at the Clubhouse for obvious reasons. Instead each fleet captain has the option to host at their house. I will notify all of you via email if we are having it at my house, as long as we can hold it outdoors in a safe and socially responsible way.  
Thanks again Allan and Brett for doing your stellar work in the heat. All please continue to stay safe and healthy. See you next Sunday for a couple of races, weather permitting. If you have any questions, please e-mail me at [mladen@negotiators.com](mailto:mladen@negotiators.com) or call/text at (203) 918-1102.
