From the President's Desk

BOB HUGHES, PRESIDENT

At the regular June meeting the Board passed two motions. On recommendation from the Boat Dock Committee Chair and the General Manager, the Voting Board approved a one-time extension to June 25, 2016 of the May 31 deadline for forfeiture of an assigned dock space or waiting list assignment if a member failed to pay their dues and assessments by May 31. This one-time only extension was granted since this is the first year after dock spaces were

permanently assigned. Under New Business, I am pleased to report that the nomination of Christine Hollis as a member of the Nominating Committee was accepted unanimously.

As the holiday weekend arrives, please remember that it's not all swimming, boating, and fireworks. Remember the significance of Independence Day and join your fellow Highland Lakers for the reading of the Declaration of Independence in the Lake Room at 10:30 am on the 4th.

Boat Dock Committee News

TOM BUCHNEY, CHAIRMAN, BOAT DOCK COMMITTEE

Now that this year’s boating season has begun, members will notice that additional new docks have been installed at various locations. To insure that all members will be able to continue enjoying these new facilities for many years to come please note the following rules concerning the use of the docks.

DOCK MODIFICATIONS AND UNCOATED WIRE PROHIBITED: Members may not drill holes in any dock or fasten any device without the authorization of the Boat and Dock Committee. Only ropes, chain and plastic coated wire are authorized to attach a boat to a dock. Uncoated wire is specifically prohibited. Members are responsible for all damages caused by unauthorized drilling or fastening to the dock or excessive wear or chafing caused by the use of unauthorized attachment methods. Boats stored on docks in violation of this rule will be removed to storage immediately.

If chain is being used please make sure that it is stainless steel or shielded in some fashion so that rusting of the chain does not stain the dock. Please keep in mind that all boats should be secured in a manner so that they do not continuously rub against dock surfaces.

Many members who don’t own lakefront property do own boats. The Club currently maintains over 50 boat racks and 25 docks for the boating convenience and pleasure of our active members in good standing on the five lakes.

Dock space at neighborhood freeways is available on a first-come, first-serve basis. Use of the freeways and lottery dock areas is restricted at all times to members displaying their current year permits. Neighborhood freeways are located at various locations on all lakes. A map of these locations is available in the clubhouse office and on our website under the heading “About HL”.

The Club area marinas include Club Park, Comet Row, Eckhart Sailing Center, Beach 3 and Beach 4. Any members who have been assigned spaces at these locations must have their boats in place at the assigned location by the first Saturday in July.

Please note: All dry docks at Eckhart Sailing Center are controlled by the Boat/Dock Committee and reserved for active Junior/Senior sailing fleet members and members with special needs.

Team Tennis 2016

KNOX STRUBE

June 11 brought another day for all 19 of the Highland Lakes tennis players to come out and try out their skills against their fellow neighbors. We had many good women's games, of which one was with Lyn, Judy F, Carol, and Mary. We are so glad to continue to welcome some new faces along with those of our returning regular tennis players. This week we welcomed Gail and Ashley while we were able to catch up with Eileen, Sean, Clem and Ralph as they have returned.

It was another beautiful day for tennis on June 18 with 21 players showing up to enjoy a great morning of tennis. There were so many matches that were fun to watch. Charlie F. and Charlie H. played against Darren and Edwin. What a match with so many great shots being made by all the players. It is easy to tell that team tennis has been going for a month now because it is obvious that everyone's skills are getting honed more and more each week.

We have much fun and many laughs on Saturday mornings from 9 – 11 am. Please come and join us. All skill levels are welcome. Just bring your badge, water and sneakers and meet us at the courts. Hope to see you there. '

Junior Appreciation

CAROL HASTIE, CHAIRPERSON, CLUBHOUSE COMMITTEE

Calling all of you between the ages of 8 and 18! It is time to begin accumulating your volunteer hours for the season. You only need 10 hours. There are many ways to do this in order to be invited to attend Junior Appreciation on August 17 and receive your gift as a token of our appreciation. You can help out in the clubhouse with activities or with any of the athletic activities, such as sailing, tennis, softball, basketball, soccer to name a few. It is a rewarding experience to volunteer your time and give back to our community!

Sailing Tube Storage

LOU IANNUCCI, SAILING COORDINATOR AND SUE BURUCHIAN

Ahoy sailors! It's time again to think sailing and tube storage. This year we have expanded the number of tubes at Eckhart Sailing Center from 15 to 22 in total. We will also be adding 5 new tubes at Comet Row. As always, Junior fleet racing sailors have the first right of refusal for the tube storage system at the Eckhart Sailing Center. Junior sailors and/or their parents need to email to request a tube no later than July 1, 2016, or call to reserve a tube for this sailing season. Please mark emails: Sailing Tube Request in subject line to HLCCSailing@gmail.com with name of sailor, parent name if junior and fleet sailing.

We will confirm active junior sailors with the Junior Fleet Captain, email you the release form to sign/return and assign your tube number. Additionally, any remaining tubes not assigned to juniors will be available to the other racers in fleets docked at Eckhart Sailing Center and Comet Row via email request. First come, first served.

Here are the basic rules for review to use the tubes:

1. Do not put wet sails in the tubes. Dry sails only.
2. Junior sailors have first right of refusal due to parent transportation considerations.
3. Lock and combination information must be provided on the form.
4. No wet items of any kind shall be placed in tube.
5. Only HL racing fleet sailors can utilize tubes.
6. Only non-lakefront members can use this option.
7. Only one set of sails with spars per tube.
8. Storage is only during the sail racing season. No year-round storage.
9. When Club docks go in water and are taken out, so must your sails!
10. Any abuse of the tubes forfeits your rights to use them.

Any questions please call Sue at 973-764-7420 or Lou at 973-764-7042 or e-mail. Happy Sailing!

Goodwill Fund Helps Members in Distress

THE GOODWILL FUND COMMITTEE

The HL Community Yard Sale is an event that was organized to raise money to support the Goodwill Fund. Established in 2005, this Fund is dedicated to helping people in our community who are facing financial hardships due to a catastrophic event or series of smaller events that have made life very difficult. No one can predict when this may happen. Despite this reality the operational expenses and maintenance of our Club require that annual membership dues be paid by every member. These dues and assessments are mandatory regardless of any member's personal situation. The Goodwill Fund is our community's way of lending compassionate, anonymous and temporary assistance to our neighbors by alleviating their need to pay their annual Club dues for one year. The member's dues instead are paid with money from the Fund.

A total of 69 families have been helped through the years thanks to the funds raised through community efforts like the Community Yard Sale and Path to Goodwill and individual donations made by members who give a little extra when they pay their own dues or make a donation in honor of a loved one.

Thank You From the Clubhouse Committee

CAROL HASTIE, CHAIRPERSON, CLUBHOUSE COMMITTEE

On behalf of the Clubhouse Committee and breakfast workers, we would like to thank all of you who come out and support the breakfasts we host. We know you enjoy them and we enjoy cooking for you. If anyone is interested in helping at any breakfast, please let us know. We will accept any help that is offered, especially since the attendance seems to keep growing. I would also like to thank the cooks, servers and helpers for all of their time they put in over the year to bring our members a great activity. The Memorial Day weekend was one of the largest with 264 members and guests served! The breakfast crew was hustling! Thank you so much!

Our next breakfast will be Sunday, July 10 from 9 - 11:30 am. This one usually is our largest so if anyone would like to help, please let us know! There was a new addition to the menu at the last breakfast that seemed to be enjoyed by many – fruit and whipped cream for your waffles! For those who haven't attended, our menu includes pancakes, French toast, scrambled eggs plain and with cheese, potatoes, sausage gravy and biscuits, bacon, sausage links and waffles. Come on down and try the next breakfast! Don't forget to wear your badges! This is for HLCC members and guests.

Pickleball Update

DORI ZARR

A number of people have asked for drill suggestions: The simplest volley drill is for either 2 players or 4 players to stand at the no-volley and volley the ball back and forth. Each player should attempt to hit the ball to the other player in a manner that will allow them to keep the ball going. The goal should be to keep quite a few balls going between misses.

Play continues on Monday and Wednesday nights at 6 pm until fatigue sets in or it gets dark. Feel free to bring chairs to share between games. Sunday morning play starts at 9 am.

Information: Did you know? There are outdoor balls and indoor balls. The outdoor ball is made of tough plastic. The Dura pickleballs have a variety of different-sized holes whereas the Onix have holes of the same size. Both are seamless. The indoor balls for play on wood or hard surfaces have larger holes due to the fact that there is no need to combat weather or wind. Both come in a variety of colors.

Fishing line disposal receptacle.

Conservation Club of Highland Lakes

RUSS STRUBE

This spring the CCHL has been working on Saw Mill Pond Trail and the fishing line disposal receptacles. The receptacles were cleaned out, and we installed grates to try to keep only fishing line being disposed into the grates. We would like to thank the fishing community for using these.

Our work on the trail has consisted of moving gravel and rock, cleaning out the stream of old tires, floats, bottles and whatever. Cutting back barberry and other invasive plants is a constant maintenance. We installed another kick out on the east side of the main trail. We just created an area for viewing into the wet lands from the east kick out. This kick out starts at the beginning of the main trail and loops back to the trail. The main trail is red blazed while the kick outs are blue blazed.

The CCHL is ALWAYS looking for new members for help. We usually meet on Wednesdays mornings for about 2 hours. If you can put in time on other days I can always find work that needs to be done. It is also a great way for high school students to get volunteer hours. I can be contacted at 4210 or at trustee1@hlcc.org.

Volunteers Needed and Always Welcome

GOODWILL FUND COMMITTEE

From beginning to end this is truly a community event that requires the involvement of many volunteers to make it the huge success that it is. We have a need for people to help on Friday to accept, organize and arrange donated items; and on Saturday to sell items and assist in clean-up at the end of the day. Last year many people signed-up to work for a few hours while others dedicated themselves to the effort for the full two day stretch. Whatever amount of time you can give will be appreciated. Contact Grace Lewin (973-764-4535/ gracelewin@gmail.com) to lend a hand.

For further information about this event you may contact one of the co-chairs: Nancy Eisenburg nancyellen224@gmail.com or Liz Holda jmeth66@gmail.com.

Force Five Race Results - Saturday, June 25, 2016

ERIKA RODGER

Saturday marked the first Force Five race of the season! The sun was hot, the breeze nonexistent. We ran one very short course, and decided against the second race in favor of cold beverages.

We hope to see everyone on the water this year! If anyone is in the market for a Force Five, I know of a few being offered for sale around the area. E-mail me at erikachan@gmail.com if interested and I can forward the information.

Reading of the Declaration of Independence

RON BERUTTI

Monday, July 4 at 10:30 am

All Highland Lakes residents are encouraged to attend a reading of the Declaration of Independence in the Lake Room on Monday, July 4 at 10:30 am. Light refreshments will be served.

It once was said: “Freedom is never more than one generation away from extinction. We didn’t pass it to our children in the bloodstream. It must be fought for, protected, and handed on for them to do the same, or one day we will spend our sunset years telling our children and our children’s children what it was once like in the United States where men were free.” As national and world events seemingly occur at an ever-quickening pace, what it is that makes us free must never be forgotten, lest we fail to pass the torch of freedom to future generations as our forebears did for us.

While Independence Day is a great national kick-off to summer in our nation, it was approval of the Declaration of Independence by the Second Continental Congress on July 4, 1776, that provided us with the well-deserved reason for our national celebration of freedom. Listen to the famous words of Thomas Jefferson and the other Founding Fathers, who risked everything to make the United States the first nation ever to be founded on universal principles of human rights and individual freedom. Learn why the Declaration of Independence expresses truths about mankind that people throughout the world have looked to as a beacon in their quest for freedom from oppression ever since and which, like an earthquake, jolted the foundation of every

single government to come before it and after it. Lear how great leaders such as Frederick Douglass, Elizabeth Cady Stanton, Abraham Lincoln, and Martin Luther King, Jr., have seized on the Declaration of Independence and its bedrock principles to advance the cause of freedom for those who have been denied its promise.

Highland Lakes resident Ron Berutti, an attorney and a published author on topics of constitutional history, returns again to read the Declaration of Independence and provide some historical context for the Declaration of Independence. Afterward, an open discussion will take place as to the Declaration’s meaning, its important role in the eternal struggle for freedom, and its continued vitality in today’s world. Younger residents of Highland Lakes who may not know much about the story of the American Revolution or who question the relevance of the Declaration of Independence to their lives today are particularly encouraged to attend. Adult residents who can share their American experiences are also encouraged to attend, so that we can learn from one another about how the torch of liberty has been carried forward to this day, and how we can help carry it forward into the future so that freedom may be preserved for future generations of Americans.

This is the fifth year for this popular event. The previous readings were well-attended and well-received by residents of all ages, and a lively and civil discussion took place among those in attendance. If you missed the prior presentations and discussions, make sure you don’t miss the opportunity to attend this year! You won’t regret it.
