## Highland Lakes Swimming

SUZY MCCOTTER

### Come on In, the Water's Fine!

Every leisure swimmer has their own preferences about what makes the perfect body of water. Some like to go "down the shore", sit on the sand and dodge waves. Pool swimmers prefer the deck chairs and diving boards surrounding clear water and a bright blue background. For most of us Highland Lakers, though, let us plunge into the clear, calm lake on a hot summer day, free of the taste of salt and smell of chlorine. We love to float on our tubes, swim to the raft at the beach, listen to the lifeguards introducing young swimmers to the joy of "motor boat, motor boat, go so slow ...", or swim long distances without flip turns. At the beach or the lanes or in back of a lakehouse, Highland Lakes invites swimmers to come on in! We respond by shouting "YES!" as we cannonball into the water.

At the seven beaches around

Highland Lakes, swimmers are watched over by our tribe of loyal lifeguards, led by Water Safety Director, Pete Jablonski. Born and raised in Highland Lakes, Jablonski started guarding at age 15. He spent five years as Assistant to the Water Safety Director, before taking on the job himself three years ago. Many of the HLCC guards are college students attending prestigious institutions majoring in a variety of areas. Their shifts on the chair, the waterside, and at the rafts are interspersed with swimming lesson instruction and much-needed times to recover from paying intense attention. If you've ever been at the beach when an emergency happens, you've seen our young guards jump to action. They are well-trained and take their responsibilities seriously, whether it's teaching toddlers to jump off of surfboards or assisting a tired swimmer to safety.

Growing up surrounded by water means it's important to be a strong swimmer from an early age. Many of our lifeguards learned that in the same place ... down at the lanes with the Highland Lakes Hurricanes. Swim team is one of the most popular activities in Highland Lakes. As soon as young swimmers are able to make it across the lanes on their own, they attend daily swim workouts and weekly meets. Head Coach Doug Miller (whose own daughters swim for the Hurricanes) was a Highland Lakes swimmer in his youth, as were Assistant Coaches Matt Hall and Julia Loughren. Miller has coached the team for eighteen years, and agrees that "swimming is not only great exercise for individual kids, but a lifelong way to stay active. There's also a sense of working together as a team and still

## Kids Fishing Derby Turns Into Bass Fest 2014

MICHAEL EWASKO, CHAIRMAN, FISHING COMMITTEE

Saturday's scheduled Annual Kid's Fishing Derby on Lake 4 began like all previous derbies with Fish Committee members arriving before 8:00 am to set up a tent and grill and to sign in the junior participants as they arrived. The skies were just slightly overcast and a mild breeze off the water kept the day very comfortable. Surprisingly things got off to a slow start with just a handful of young anglers registered in the first hour. But this is where the day took on a new outlook. In past outings Bluegills and Sunfish were clearly the main catch with everyone hoping for a chance at a Largemouth Bass. But this year things turned out different. Just as most of the kids got themselves in position along the shoreline the "fish on" cry was heard and soon everyone saw a Largemouth Bass had been the first fish landed.

No sooner than the Bass was weighed in, photographed and released that another bobber was yanked below the surface and a second Bass successfully landed. Again and again this scenario played out as committee members looked on surprisingly at the number of Bass being caught. Throughout the morning a few more anglers arrived to try their skill at enticing a fish to take their bait. A few Sunfish were caught and even a surprise Channel Catfish was hooked and landed but it was obvious Largemouth Bass was the target of the day. Most of the bass weighed in at under a pound but the big catch of the day was a Largemouth Bass that tipped the scale at over a pound and a half. Hot dogs and cold soda kept everyone fueled throughout the day and as the 2 pm deadline approached, eyes began glancing at the trophies lined up on the table. As everyone packed up their tackle and gathered together, the trophies were awarded for all the notable catches. And the smiles on faces meant this was indeed another successful fishing adventure.

## Chit Chat

Louis and Sarah on Their Wedding Day

Russell and Kathleen Strube, of Highland Lakes, would like to announce the marriage of their son Louis Strube, of Brooklyn, NY to Sarah Burrows, from Denver, CO.

Sarah and Louis were married on June 7th at the Riverside Park in the town of Salida, Colorado.

On their third date in Salida, Lou and Sarah fell in love while playing in the Arkansas River. After an afternoon of swimming, they took a walk and sat at a bench in Riverside

Park and talked about the reality of their situation. Lou was a vagabond park ranger, not knowing which park or location would be his next, and Sarah was tied to her friends, family and work in Denver. However, as they sat on the bench and talked about the difficulties, obstacles and distance that would face such a relationship, they realized their goals were the same, and that spending their lives together was much stronger than any obstacle they would face. They took the literal plunge off of the rocks into the water then, so it's fitting that they took the figurative plunge at the same place almost 3 years later. Louis is now a New York City Police Officer, and Sarah will be employed as a junior broker for Global Arena Capital in Manhattan.

Congratulations to Sean Mabey, son of Marybeth and Bob Mabey, on his recent graduation from Montclair State University. Sean graduated Magna Cum Laude with a Bachelor of Science in Business Administration (Accounting concentration) and a minor in Philosophy. His wife, Bridget, his parents and his brother and sisters are all very proud of him.

## Beach Testing Results

Below are the results of the most recent fecal coliform testing at the Club's beaches and swim lanes performed by Garden State Laboratories, Inc. Weekly tests are required by the State of New Jersey, and a beach must be closed if the results of consecutive tests exceed 200. Testing results are reported by the lab to the Sussex County Department of Health.

Fireworks Over the Lake at Last Year's Lighted Boat Parade

## Highland Lakes Annual Lighted Boat Parade on Aug. 3

FRED WILSON

Due to popular demand, we have turned our 75th Anniversary Lighted Boat Parade into an annual Family Day event. As we did last year, participants will gather at the north end of the Main Lake near beach #3 at 7:30 pm. Participating boats (Party Boats and any other lighted boats) may join the parade at our approximate 7:45 pm departure time, or join the parade as we make our way south turning west at Beach #4 and then north around the island with a house on it to finish our Lighted Boat Parade in front of everyone at the Clubhouse in time to enjoy our Family Day fireworks. It is important for our enjoyment and safety that all boats in and around the Lighted Boat Parade be lighted. Also, be aware that our "no gas engines on the lake" rule precludes the use of on-board gas generators to power boat lights. Hopefully the weather will cooperate; however, on the off chance of extreme weather (such as a thunderstorm), our Family Day and Lighted Boat Parade rain date is Saturday, August 9.

To participate or for more information, call or email Fred Wilson at 973-764-3548 or wilsoncp@warwick.net.

## Senior Bocce

LAURA BRANIGAN

After a few weeks of rainy Thursdays, July 3 finally gave way to plenty of sunshine to get together, play bocce and enjoy each other's company once again. A few new players joined the group and three games were played. On a warm and sunny July 10, three games were also played. There was a great turnout with 14 players! With different people playing each game, red won all three games, with the first game's score of 11-0! Everyone had a great time and it was decided next week to bring snacks. Everyone brings their own water. Shirley ordered T-Shirts and hats, so we hope to see you at the court next week. Come join in the fun, no experience needed! We meet every Thursday, weather permitting, at 1 pm sharp outside the clubhouse on the bocce court.

## Conservation Club of Highland Lakes

RUSS STRUBE

The CCHL works on properties owned by Highland Lakes. The goal of the CCHL is to make these properties more ecologically friendly and pleasing to the eye. We have pruned, installed water bars, signs and benches on freeways and other club properties. The goal is to have members take over the stewardship of these properties when a project is complete.

We are always looking for new members, especially the youth of the club so that they can help and learn good stewardship practices. This is also a great way for high school students to get their volunteer hours needed for graduation. So if you are interested you can contact me by phone or email, 973-764-4210 or rstrubewvnj@yahoo.com.

# HLCC Knit Night

PAULA SCHRINER 973-764-5817

Highland Lakes members, please come down to the Clubhouse Lake Room for Knit Night! Join other needle crafters—although most of us knit, any needle crafter is welcome.

Where: The Lake Room  
When: 7 pm - 8:30 pm (ish...we have so much fun, we lose track of time!) every other Monday evening except on holidays or if otherwise noted. We meet weekly during July and August, however, there will be no Knit Night on August 11.  
Want to learn to knit? No time like the present! Don't know what to bring? To get started, pick out a skein of yarn that you like the color and feel of, and make sure it's relatively smooth (not too nubby or furry, at least at first). Pick out a pair of straight needles; try a size 6 or 7. You don't need anything fancy to get started—you can get these materials at stores like Walmart or AC Moore. Please call Paula Schrinier at 973-764-5817 for more information.

Continued from page 1

trying to beat your own best time in races. It's a team sport that lets you compete as an individual.”

The swim team also boasts one of the largest cadre of volunteers in Highland Lakes. Parents and family members contribute to the team’s success by timing, officiating, selling refreshments, scoring, or serving on the swim team parent board. Ron Berutti, the current board president, says that the team would not be successful without the hard work of every family who has a swimmer. That’s never clearer than on the last Saturday of July, when teams from around the region come to Highland Lakes for the B Invitational. The busy clubhouse lawn and swim lanes mask the organization and work details going on behind the scenes as the guests are served meals, swimmers are marshaled for their events, and cars are parked precisely and efficiently. (Don’t worry ... premium spots are always reserved for HLCCers!) Berutti, along with vice president Linda Allen-Poole, treasurer Julia Campbell, and secretary Lisa Entwistle, are deep in the planning phase of this year’s Invitational. If you’re able to help out but don’t have an assignment yet, e-mail them at [hlccswimteam@gmail.com](mailto:hlccswimteam@gmail.com).

In many New Jersey water-front communities, articles featuring swimming would start by referring to the classic two-note “Duh-nuh” theme from Jaws. Not only do we have the best swimming options in the state, but we never have to worry about a Great White invasion. So, grab your sunscreen and towel, and meet us at the beach.

## Boat Dock News

KEN BOSCHERT, CHAIRMAN, BOAT DOCK COMMITTEE

Those members who submitted applications and were on the waiting list for a dock space have been assigned a space. These spaces were made available by removal of boats which did not belong in the locations they were placed in by their owners. If you are missing a boat it is suggested you contact the office who will direct HL Security to help you look for your boat. In order to have the boat released to you, you must have a completed HLCC release form, a means of confirming your ownership (owner's bill of sale, boat registration, picture of your boat etc.) as well as payment of the assessment and storage fees).

All boats located on club property, racks, freeways and all docks must be stored properly or be subject to removal and assessments in accordance with the association by-laws. All boats must display current membership boating stickers on both sides of the bow. Racks, docks, and assigned slips must have a current boating sticker placed on each space utilized by the member. Failure to have current boating stickers as required may make the member boat subject to

removal and subject to the assessments in accordance with the rules as well as elimination from the spring boat dock lottery system.

All members are reminded that in order to have an assigned boat slip they must complete a 2014 boat dock application. No members, including grandfathered members, are exempt from completing a form each year. Please note that the new polyethylene docks are on an assigned basis. These docks are located at Club Park, Comet Row, Beaches #3 & #4, and Eckhart Sailing Center. All other freeway docks are on a first come, first served basis. For those members not assigned a space, other docks and racks are available at most freeway locations around the main lake again on a first come, first served basis.

We kindly ask that members keep their boats upside down on the club racks and docks with drain plugs removed so they do not fill with rain water and cause damage to the club property. We also ask that you bail excess water out of boats which will assist in control of the mosquito population.

## STEVE AND CAROL HASTIE

Steve and I would like to thank you for your generous support of the fundraiser dinner and tricky tray held on April 12, 2014 for our grandson, Massimo Cherichella. It was so overwhelming for us to witness what we have known for years – we are one big family here. That is what Highland Lakes is all about! There were so many of you who came out to support us and there were so many of you who were unable to attend but showed your support and concern for Massimo. Through your generosity we were able to help our daughter and son-in-law (Maureen and Frank Cherichella) defray some of the medical bills that Massimo has incurred. Thank you all from the bottom of our hearts!

**MARYJANE WISNIEWSKI 973-764-6544**

Hail to the hearty today. The heat and humidity was falling upon us like a blanket. We kept up with our walk. It was very quiet out today. We were out there chatting away observing changes in some trees. Some of the maple leaves have very distinguished marks on them. This is probably an ecology question for that group. Going up the hill was tough but we made it. We meet at the clubhouse every Monday morning at 9 am. Just wear your sneakers and a smile. See you all then.

**CAROL HASTIE, CHAIRPERSON,  
CLUBHOUSE COMMITTEE**

Our welcome to summer breakfast turned out to be a spectacular event. Approximately 225 people (our biggest turnout ever!) came out to enjoy our delicious event! Many of you came down and enjoyed each other's company and caught up on news and events happening around the lake. Thanks once again to the amazing kitchen crew.

Hope to see you all at our next breakfast in August! Watch the Newsette for the date and time. If you would like to help out, let Carol Hastie know by leaving a message at the Club Office.

## Junior Appreciation

Just a reminder if you are between the ages of 10-20 and volunteer at least 10 hours throughout the year, you will get an invitation to Jr. Appreciation, which will be held on Monday, August 11th. If you fulfill your 10 hour requirement, your name is submitted to the Clubhouse Committee for the event. Hope to see all our young volunteers on this night for dinner, dessert, and a surprise gift picked especially for the young Highland Lakers.

## Women's Auxiliary

IRENE BOEREN

Women's Auxiliary saw our third meeting swell to 34 members present and four guests joined our lively group. We welcomed another new member! We are happy to add Diane Whelan to our organization. A wonderful spread was set out by hostesses Joyce Healy, Pat Gillooley and Jennifer Ziegler. Fruit, bagels and a yummy cake made by Joyce. Baking in 90 degree heat! She is amazing. They even had a punch with some punch! Look for our bake sale at the HL Community Yard Sale on July 19.

Our bus trip to Sands Casino on August 7, continues to fill up. Get your seat now! Our Wine & Cheese party was on Tuesday, July 15.

The Fashion Show/Live Auction is scheduled for August 5. Come sample handmade gourmet hors d'oeuvres, lovely desserts and coffee. There will be surprises for everyone. BYOB. ## Pickleball

DORI ZARR 201-602-8339

Afternoon showers did not dampen our enthusiasm for our Wednesday night game. Pat Eckhart brought the squeegees to roll off the courts, and many players had brooms to sweep off the puddles allowing the courts to air dry. It seemed that we were playing within 15 minutes...all 12 or 13 of us. Several new players "tried out" our family sport on our teaching court which is always available helping newbies with paddles and teaching points. We're there to get you started with a positive learning experience!!

## Band of Changes to Perform at Clubhouse on July 25

MICHAEL GELFAND

Following in the footsteps of its successful "soft" launch, the Highland Lakes Concert Series welcomes Band of Changes to the Clubhouse's Seckler Stage on Friday, July 25. Doors open at 7 pm, tickets are \$5, children 12 and under get in free (BYOB).

Founded and led by guitarist/songwriter/painter Chris Harford, Band of Changes is a continuously revolving door of well-known, talented musicians who deftly support Harford's intricate, Americana-infused soundscapes. Harford's music (www.chrisharford.com and www.facebook.com/BandofChanges) comes at you with unmistakable immediacy thanks to throaty vocals that draw you into his woodsy, roots-oriented compositions, and his band's tastefully understated musical chops.

The band's latest record, "Lay the Passage: Songs for the Antediluvian" is an entrancing 16-song collection that leans predominantly more toward acoustic campfire ballads than barn-fire rockers, but Harford and his bandmates handle it all with enthusiasm and a refreshing sense of spontaneity. Along with Harford, the July 25 lineup of Band of Changes will feature Mickey Melchiondo (aka Dean Ween), Dave Dreiwitz (Ween, Sparklehorse), and Joe Russo (Further w/Phil Lesh and Bob Weir).

**HL:** You're an accomplished singer/songwriter as well as an acclaimed painter. Is there anything you aren't good at? Do

you consciously put on different hats when the muse starts whispering in your ear?

**Harford:** I didn't always change hats, but now that I'm older I need to make decisions about my approach, and put deadlines in place. The way my life goes now, everything has to be compartmentalized. I give myself time each month to write music, I paint in a rush before shows, and try to work a regular job when I'm not playing music or painting. Painting is my peaceful time, and music is something I do with other people, but I'm not too good at general life skills. I can't get my marketing and accounting skills together whatsoever, and they're both important ingredients on top of me always striving to be a better human being in general.

**HL:** How large is the current pool of musicians in Band of Changes?

**Harford:** It's currently around 200 different musicians, which is really quite extraordinary. For example, this past Saturday I had gig down in Frenchtown, NJ. On that night my band included a drummer named Jim Hines. I had never heard him play before, but he tours with Brian Wilson from the Beach Boys, so I had to assume he can play. The keyboard player that night was George Laks, who has played with Lenny Kravitz for 20 years. Basically, friends will tell me about a musician, and if I like what I hear I'll ask them to participate. I enjoy it when the band meets for first time on stage. Everyone is an accomplished player, and I've been doing some of these songs for a long time, so these new musicians come in and bring an original take. It can be a recipe for a train wreck, but most of the time it's magical.

### Undertaking A Home Improvement Project The Contract (part 4 of 6)

If you hire a contractor, make sure you have a written contract. The contract may be as brief as one page identifying the project location, owner, service provider, project scope, when the project will begin and end, and the price and payment schedule. It may be beneficial to go into more detail such as identifying what constitutes a delay, remedies, how to handle the project if it increases or decreases in size, and so on.

Talk to your attorney; a simple review may save you headaches and money. Every project, no matter how well planned, will have a few problems, whether it be material delays, weather, or an illness. It is better to agree with your contractor before the project begins how problems will be handled, rather than in court.

If you have hired contractors, make sure they and their subs are available and willing to start. Make sure you have a permit, if needed. Also, get a certificate of insurance for your project from each contractor prior to the initial payment.

Summer Athletics

PAT ECKHART, ATHLETIC DIRECTOR 973-557-6824

The 2014 Athletic Season is underway and I hope everyone is taking advantage of all the wonderful activities Highland Lakes has to offer. I am very pleased to report that there has been a substantial increase in participation this summer and it is just great to see all of these new faces.

All club sponsored athletic events are still in the sign-up book at the Clubhouse Activities Center. The activities include tennis, tennis lessons (children and teens), softball, basketball, volleyball, pickleball, bowling, and golf outings (TBA). The teamwork of our volunteers make everything possible. Remember, there is no I in TEAM, so don't say I don't have the time. Sign up and become part of a HLCC TEAM! I'd like to remind everyone to bring plenty of water and apply sunscreen before you leave the house, as it looks like it's going to be a hot summer. See you on the fields!

**Monday: Mosquito League (ages 6-8, 9 am, Field 1)**

Coordinators: Eric Loughren, Peter Parigi, Paul Parigi, Jonah Clark, John Alvarez, Connor Imbaratto, Max Rodriguez

Monday marked the return of the Rodriguez brothers (Joey, Frankie, and Alex) as they made their 2014 debut for the Fireflies. They picked up right where they left off last year, hitting a number of nice shots and making beautiful plays in the field. James Brantner continued his hot hitting, and Christopher Gay had a number of nice plays in the field for the Mosquitoes. Great game boys!

**Tennis Lessons (ages 9-12, 9 am, Beach 1 tennis courts)**

Coordinators: Jennifer Ziegler and Darren Werner

We held our first official lessons of the summer and the kids got off to a great start. Jennifer and Darren had the kids practice their forehand and backhand strokes, as well as running to the ball as it is hit. We then got to play a fun game of 'Jail' at the end of practice.

**Kids Basketball (ages 8-14, 5 pm, Beach 1 Courts)**

Coordinator: Chris Beninati, Drew Hiner, and Kevin Gunning

The kids took the court for the second basketball practice of the year and we had a great turnout! We practiced our chest and bounce passes, dribbling, and lay-up drills. We were able to hold scrimmages at the end of practice and everyone had a great time. See you Monday!

**Tuesday: Mosquito League (ages 6-8, 9:00 am, Field 1)**

The Fireflies and Mosquitoes played

their fourth game of the season on Tuesday. Frankie Rodriguez made an incredible play at third base for the Fireflies. Frankie also had the hit of the day, launching a ball into the outfield for a triple. Daniel Pustilnik had some nice hitting for the Mosquitoes. Special thanks to Eric and Max for helping out.

**Butterfly League (ages 9-11, 5:00 pm, Field 1)**

Coordinator: Dalilah Gomez

The Blue Jays and Robins took the field for the second practice of the season on Tuesday night. After we warmed up, the girls took the field at their favorite positions. We practice throwing to first base from the infield, and hitting the cutoff man and throwing to second base from the outfield. The girls then all got a chance to hit, and we have some real players this year! See you Tuesday!

**Men's Basketball League (ages 17+, 6 pm, Beach 1 courts)**

Coordinator: John Ross (written by John Ross)

The Jablonski drama is over. After weeks of waiting and wooing, The Decision has been reached. JaBlon will come home to the Blue team!! The White team had a lot to offer, but ultimately Peter couldn't resist the allure of playing with veteran center and all around good guy Paul Brooks. The rest of us he will just have to deal with.

If the first showdown between white and blue had Pete regretting his decision (blue lost 11-9), the second one put him at ease, as we cruised by white 11-3. This had nothing to do with White's fatigue and injuries.

The Red Rascals were at it again, steamrolling their way to another undefeated night. The one remaining Tierney on the team seems to have developed a super human strength and ability to traverse the entire court in an instant to send my shots flying back in my face. We will have to study him closely to learn his nature.

Official Records: Red: 3-0, White 1-2, Blue: 1-3

**Wednesday: Tennis Lessons (ages 5-8, 9 am, Beach 1 tennis courts)**

Coordinators: Terry Latham and Darren Werner

We held our second tennis lesson of the season for the younger group on Wednesday. We stretched, went over our tennis terminology, and then the children practiced their forehand and backhand strokes with the coaches bouncing them the ball. The kids then practice starting in set position and hitting the ball where it was thrown to them. Everyone did a great job!

**Thursday: Girls Farm Team (ages 4-5, 9 am, Field 1)**

Coordinators: Anna Campbell and Renee Kabbez

We held our first practice for the Girls Farm Team on Thursday and had a great turnout! Coach Anna and Coach Renee taught the girls the proper way to throw and catch. We learned to run the bases and then the girls got to hit off the tee! Great job everyone!

**Grasshopper League (ages 9-11, 5:30 pm, Field 1)**

Coordinators: Jack Bokun, Eric Loughren, Kevin Gunning, Robbie Wisniewski

The Wasps and Hornets took the field for the first official game of the season. The Hornets, coached by Robbie Wisniewski, got off to an early lead with some good hitting by lefties Derek Coldon and Ryan Dignan. The Wasps came right back as Jordan McCann and Frankie Fogge scored on an RBI single by Jordan's brother Jayden McCann. This was a really close game that came down to the wire, but the Hornets prevailed at the end behind some strong defense by Colin Dignan. They won the game 5-2. These teams are very evenly matched this year and we had the most kids show up that I have seen in years. We are looking forward to a very exciting season between these two teams.

**Friday: Kids Soccer (ages 5-12, 9 am, Field 1)**

Coordinators: Claire Sweeney, Dan Sweeney, Anna Sweeney, Neil Verroca

We had our first soccer practice of the season on Friday and what a turnout as over 40 kids came to play! Our wonderful coaches put the kids through a "name game" passing drill to meet everyone. The kids went through some light passing and dribbling drills to get warmed up. We then played Sharks and Minnows, Red Light Green Light, and the older group even had a scrimmage at the end. Great job everyone!

**Gem League (ages 6-8, 10 am, Field 1)**

Coordinator: Chip Ziegler

The girls took the field for the first practice of the season and again, we had a huge turnout. I am sensing a theme this year. SIXTEEN Gems learned how to throw, catch, and run the bases. We had so many girls that we went over the hour just so everyone had a chance to bat! Chip does a great job with these girls and everyone had a blast. Special thanks to Brandon and Annika for helping out. See you Friday!

**Boys Little League (ages 12-16, 6 pm, Field 2)**

Coordinators: George Gutierrez and Ray Loughren

Results of the first game between the Comanches and Choctaws will be in next week's issue of the newsette.

**Saturday: Women's Softball (ages 17+, 6 pm, Field 2)**

Results of the first game of the season will be in next week's issue of the newsette.

**Sunday: Men's Softball (ages 17+, 5:30 PM, Field 2)**

Coordinator: John Imbaratto

The Red team had the doubleheader this week and squared off against their rival, the Black Team game 1. Pat Eckhart made his debut on the mound and got off to a strong start, holding the Black Team to only 2 runs over the first 6 innings. Joe Valentino hit a long 2 run homerun for Black. The game was very close, as the Red Team was able to strand runners on first and second in the last inning, to win the game 8-7 and giving Black their first loss of the season. The youngsters in Blue were up next, and they were ready for the challenge. John Wayne Wisniewski and Greg Tierney got Blue on the board early with some big hits, and behind Declan Berutti's strong pitching they won the game 11-7. Blue has the doubleheader this week.

Records:

Black	2-1
Blue	1-1
Red	1-2

## Windsurf Happenings

KEVIN GASTON 764-7332 OR 845-893-2923

**Optimum Conditions**

They called for winds out of the southwest at 7 mph but in the real world we actually had double digit wind speeds – easily. In other words we had optimum conditions for sailing on Highland Lakes – south southwest at 12 mph. It was a far cry from the northwest “board dance” of last week and the 3 mph snail’s race to start the season. At any rate, it appears as if we’ll be losing a pair of Bobs for the season. After winning his last race of the season, Bob Koeck is scheduled for back surgery and Bob Williams may need more knee surgery. All of this coupled with my knee, Randy’s shoulder and Chip’s back has me scampering to fill some holes in our lineup from our farm system. Dennis Gaston got the call and his arrival from the minor league camp in Virginia couldn’t have been timed better. If there is anyone else out there who wants to score big in our races, all you have to do is show up and voila, you’re a winner. Don’t worry, none of our injuries are windsurfing-related, but rather from worn out aging body parts.

### Results for July 12

Place	Race 1	Race 2
1	Kevin Gaston	Bob Koeck
2	Bob Koeck	Kevin Gaston
3	Bob Williams	Bob Williams

## HLCC Women’s Volleyball

K & K STRUBE 973-764-4210 OR 3252

We are back and better than ever. Fourteen women came down to the all-purpose court at Beach 1 and showed off their skills. Although it was a COLD winter, these women did not show any signs of atrophy. Play was fast and furious.

Shocking Cheryl, the newest member of our group, showed she lost none of her abilities from her previous volleyball experiences. With just a few practice serves, she was on her way to greatness. Both teams had ace servers this week. Judy Jeep won point after point by placing her serves where no one dared to go, while Galloping Gail awed all with her rocket arm, sky rocketing the ball past the opposing team. There were also amazing plays made by many players. Varsity Val was able to balance the ball on top of the net, and roll it into a perfect position for a point. Hurricane Hastie used her famous, double knuckle hit, with amazing accuracy. Bouncing Bono was on fire as she continued to set her team mates, waiting for the perfect time to smash the ball over the net. Good thing she remembered to put her “Hoozies” on. Kool and Notorious faced off at the net and exchanged hit after hit, but Notorious won with her renowned squats. Gallant Gail won the “out of the court” award, given to the first person to launch the ball clear over the fence. (Thanks to our special helper Daniel, for retrieving that ball.) Now there were some mishaps. Kilowatt Keva and Thrilling Tressa arrived late and threw both teams into a tizzy on how to rotate. Launching Lauren used her face to try to set the ball. She must have been watching too much World Cup Soccer. There are two players that were the most gracious, Lithe Lisa, who curtsied after every serve and Tenacious Teri, who called balls in or out for both teams. Thanks, you two, for showing unlimited courtesies.

If you are a female over the age of 18 with a sense of humor, come on down to the all-purpose court at Beach 1 on Thursdays at 10:00 - 12:00. Don't forget your badge!!!!

## Teen Sewing (ages 12+)

Welcome back, sewers! Come join us on Tuesdays from 6-9 pm and learn the basics of sewing. We will start on July 8. First-year sewers will learn to handle their machine, cut fabric, sew a straight seam and make a pillowcase. Second-year sewers will make pajama pants. Sewers will pay for their own fabrics, patterns and supplies. Please sign up in the activities center and pick up a supply list. Bring your sewing machine, extension cord, manual, and any sewing supplies you have. We could also use a couple of irons and the countertop ironing boards.

Any questions, contact Sevasty Entwistle at 973-764-6335.

## Sr. Sunfish Race Results

FRED WILSON, SR. SUNFISH CAPTAIN #3548

The third and fourth races of our annual 4th of July race series were held on Sunday 7/13/14. It was another beautiful sailing day on Highland Lakes. The winds were 10+ southwest strong winds that allowed us to lean out and hang on, to sail fast to the next mark. Nine senior (18 and over) sailors enjoyed Course 1 - our white buoy long course. Mark Buruchian won both races - he really wanted to keep the perpetual “Major Award” that is awarded at our annual Labor Day Sailors Picnic. Mladen Kresic was second in the first race and Andy Weingram finished second in race #2. Andy is sailing well again this year. Bob Tomsey is also showing his sailing experience by finishing fourth and then third. I think it was close but I was “back in the pack” and did not see them finish. I did see Mladen capsize at the clubhouse buoy as I passed him in the second race, only to see him pass me before the finish. Nice sailing Mladen.

### July 13, 2014 Sr. Sunfish Race Results

RACE #1	RACE #2
1 Mark Buruchian	1 Mark Buruchian
2 Mladen Kresic	2 Andy Weingram
3 Andy Weingram	3 Bob Tomsey
4 Bob Tomsey	4 Chip Ehrhardt
5 Fred Wilson	5 Mladen Kresic
6 Maryjane Kresic	6 Fred Wilson
7 Chip Ehrhardt	7 Maryjane Kresic
8 Mike Gillooley	8 Mike Gillooley
9 James Sullivan	9 James Sullivan

Sailing And Life - According to Eduardo Cordero, “We sail two different boats because of the sail being against the mast on port tack”. I was watching Mark on our first starboard tack easing his sail out to catch a gust and then slowly pull the sail in after the boat picked up speed. He also is a lake savvy sailor who seems to know where the wind is or better yet where the wind will be. Sailing directly to the buoy normally is not the fastest way to get there. Mark knows that and so do most of us; however, most of us still have difficulty accepting this. Remember to call our Sailing Hot Line 973-764-7796 if weather is questionable for a possible race cancellation.

## Team Tennis

CATHY TANSEY

A pink haze over the tennis courts and perfect tennis weather brought out 30 people. Since the start of the season we have had 49 players participating on the courts. These great numbers have created a very social two hours. Adele Huttner and Jim Anderson finally graced our courts with their presence. Dominick Veretta and Bill Gummere returned after a year’s leave of absence. It was great to have these four players back on the courts

Our roving photographer Lee Eisenberg shows up with camera in hand when you least expect him. Who knows what photos we will see at the end of the season.

TENNIS BRUNCH is held the last Saturday in August immediately following team tennis. (Time 11 am to 1 pm.) Jerry and Lee will be collecting at the end of the month. John, once again, will be the program director. Significant others and guests are invited to attend and are most welcome. This wonderful and fun event is held in our beautiful Lake Room. On duty will be our efficient kitchen help and servers Nancy and Ann. So please save the date, August 30, and join in a great Highland Lakes get-together.

# FJ Fleet Race Results for July 13

MIKE GILLOOLEY, FLEET CAPTAIN 973-764-4185

We had another great day with 13+ mph wind and gusts higher than that which allowed us to sail two long course one races. Eight boats competed in both races and we all managed to keep the boats upright when it mattered. I'm still hopeful that we'll have a couple of races where all 14 boats compete. If you're interesting in joining the fun of sailing a FJ let me know. One of our sailors is moving and is selling his boat. You can find detailed information on the boat at <http://na.laserperformance.com/club-fj/home>.

## Thank You Allan!

The HL sailors want to thank Allan Kratavil for making our new dock committee racing board. The board advises racing sailors as to which course is being sailed and which buoys to use. It is a terrific addition to the sailing program and helps all the racers know the information from the water. Thank you Allan for your ingenuity, creative talent and masterful wood working! The HL Sailors!

Welcome back ladies! A full course 3 was sailed on the opening day. Medium wind conditions were just what was needed to welcome new sailor, Lyle to the fleet and those who needed to brush off the dust from the returning boats. The race was well sailed by all who could attend. See everyone out there next week! Thanks to Safety Boat lifequards Shannon B. and Sean K. and Dock Committee of Sara G. Results as of 7/10/14 are as follows:
