HLCC Members - Our lakes will always be THE FIRST PRIORITY. The Voting Board has an obligation to ensure that all common properties and amenities are well maintained, continue to serve the purposes of the Club and the wants, and needs of the membership. Over the course of the past few years, the Voting Board, together with the Buildings & Grounds Committee, has determined that certain Clubhouse building systems, components, and spaces, are in need of repair, replacement due to aging and normal wear and tear and, in some respects, are no longer adequate or appropriate to fully serve the evolving needs of the community. After reviewing the preliminary project plans and budget from the architects and the Club's sound financial position, the Board concluded that it's in the community's best interest to VOTE YES for a Clubhouse Renovation. A project that will benefit our members for generations to come.

Clubhouse 2025 Special Meeting of the Membership will be held on May 26, 2024, 11 am at the Clubhouse. To view the plans visit: www.hlcc.org/blog.

Pickleball: A New Sport with a Long History

CAROLYN ACKER, COMMUNICATIONS COMMITTEE

Over the past couple of years, everyone seems to be talking about the new game, pickleball. A game that has captured the hearts of many, it has an apple pie origin story and was created to have a broad appeal. True to its roots, Highland Lakes pickleball welcomes players of all abilities.

Pickleball was created in the summer of 1965 on Bainbridge Island in Washington State by three fathers. Wanting to find an activity that the whole family could enjoy, they cobbled together a game with equipment from badminton, ping pong and tennis. They quickly created rules and agreed on a name for the game.

The name of the game was derived from the idea of a pickle boat. In rowing, a pickle boat was a "pickup" boat with a thrown together crew. Pickleball, which combines elements of multiple games, evokes the idea of a mixed bag of sports.

Today, Pickleball is played on a 44 by 20-foot lined court that is, essentially, a smaller tennis court. The game is played with a paddle reminiscent of a ping pong paddle and a round ball reminiscent of a wiffle ball. It is played both indoors and outdoors. Two people can play in a game of singles, or four players can play doubles. The first player or team to score 11 points wins.

The first pickleball court was built in a backyard in Washington State in 1967. By 1990, the sport had spread to all 50 states. Over the years, the number of courts has grown tremendously with over 50,000 courts now in existence. The number of pickleball enthusiasts is currently approaching 5 million.

Pickleball was introduced to Highland Lakes by one of its members. A longtime HL pickleball player and one of its founders, Bill Beardsely, credits Dori Zarr with introducing the game to our community. Dori approached Bill to try pickleball in the summer of 2010. An avid tennis player, Bill was skeptical at first, but Dori's enthusiasm convinced him to try it. Bill was surprised by how much he enjoyed the game and continued to be involved. They played against the walls of the handball courts that first summer, and by the end of that season had about 15 players in their group.

The following summer, Bill requested permission from the Club to use the utility courts by Beach One for

pickleball games. The Club approved the request, purchased two nets, and painted the lines for two courts on the site. By the end of that second summer, Bill recalls having about 60 players and needing additional courts.

Next, Bill and Dori went to the Voting Board with a proposal to turn the old tennis courts by Glen Ridge Road into pickleball courts. The board voted in favor of the project and the following year, 2013, four new courts were installed and the number of players continued to grow.

According to Kathi Taylor, the pickleball coordinator, new players continue to come out and try the game. Pickleball is an official activity at the Club and is open to members of all abilities, age 16 and up. The group welcomes and enthusiastically teaches novices the basics of the game on a learn-as-you-play basis. Everyone who wants to play is included and as games end and new ones begin, players rotate in from the sidelines or from one team to another.

“While winning is fun, we play for the laughs,” Kathi told me. The game is fun, easy to learn, and a great way to meet people which is why it’s so popular.

Kathi has been playing pickleball for ten years, and has found that, “Playing pickleball in Highland Lakes opens up our community to players.”

An advanced pickleball group is also available for players looking for more intense competition. This group played on Monday and Friday nights, 4 and 5 pm respectively. A pickleball tournament was also held for the first time at Family Day last summer and was a big success.

Bill Beardsley described pickleball as the “most welcoming sport “in Highland Lakes.” When I joined in on a recent Monday night session, I was greeted warmly by the players, given a paddle, and immediately welcomed into a game. I agree with Bill’s description of the group, will definitely play again, and encourage anyone who is interested to join in the fun! For the summer months, games are played on Mondays and Wednesdays from 6 pm to 8 pm, and Fridays at 10 am. Members can play on the courts outside of scheduled game times by getting the code for the lock from the club office or by contacting Kathi Taylor. Players should wear sneakers and protective eyewear and their badge.

Goodwill Community Outreach Fund Looks to the Future!

NANCY EISENBERG, CHAIR, GOODWILL FUNDRAISING COMMITTEE

We wanted to share some exciting news. The Goodwill Community Outreach Fund is officially a 501c3 nonprofit, which will allow us flexibility in serving the community.

When the Goodwill Fund was established in the '90s the original intent was to pay for dues for a community member who was experiencing a catastrophic event. There were other situations that arose where we were asked to

assist a community member and we were unable to help. It was suggested we form a nonprofit. Through this nonprofit we will assist community members with short-term emergencies also providing educational and advocacy support and outreach. All of this was possible with the support of David Martin, General Manager and the Voting Board.

Gentle Yoga

ANITA JANKER

Come join us for gentle Yoga and Meditation every Monday and Wednesday at 5 pm. Get yourself in good physical and spiritual shape. Our leader, Alice Fox, has been teaching yoga for more than 25 years and you too can have more energy and be more limber and calmer in just several weeks. Namaste!

DORI ZARR

On Tuesday, May 7 at 7 pm, a group of art enthusiasts got together to share their various projects. A dozen men and women attended. One told us about quilting color designs and another about cube geometry in a painting with possible symbolism. There were several new members, one offering Art Therapy. Another local discussed his work with portrait painting answering many of our questions. I displayed a giant white snowflake made in a library class. We learned about GOACHE, an acrylic medium and about some unusual painted boxes from Michaels that might serve as a base to display our products. Our next meeting is Tuesday, June 4, 7 pm in the Clubhouse.

Landscaping

Use landscaping to create outdoor rooms.

Many lake homes originally had screened-in-porches, but often this space was enclosed to become an extra room. Our community is beautiful; consider adding a screened-in-porch with lighting and fan.

Decks and patios are great for entertaining. A trellis not only adds color to the area, but it also helps to define the space as an outdoor room. An awning can provide shade from the sun and cover from the rain. Pillows, cushions, and a rug brighten and create a 'homey' feeling to the space.

Outdoor kitchens are wonderful for parties. A grill and workspace are most important. If you have room for a mini-refrigerator it is a good investment.

Plant materials are very effective in creating private areas and buffering your yard from neighbors. Evergreens provide year-round color and privacy, while deciduous trees grow faster and open up a winter view. Unless you love gardening, make it low maintenance.

The sound of a fountain or the sight of a goldfish can be very relaxing and add interest. Consult with an expert to avoid problems from herons, raccoons, or bears.

Plan now and enjoy for many years.

In Memoriam

In loving memory of Dillon J. Maher, 22, of Highland Lakes, who passed away suddenly at his home on Saturday, April 27, 2024. He was born on May 30, 2001, in Pequannock, NJ. The son of Kieran and Susan (Tawpash) Maher. Some of the most profound qualities of Dillon were his gentle soul, endless smile, giant bear hugs and his ability to be the grand protector and nurturer of unconditional love towards his family and friends. Rest in eternal peace, dear Dillon. You were, and always will be, a great man in every sense of the word. We love you and will miss you so very much.

A Celebration of Life will be held on June 1 from 2-6 pm at the Highland Lakes Vol Firehouse Department, 813 Canistear Rd, Highland Lakes, NJ 07422. In lieu of flowers, please consider donating to Dillon Maher GoFundMe. Excess donations will be given to the Highland Lakes Firehouse and Vernon Ambulance Squad.

First Ever Windsurfing Invitational

KEVIN GASTON, FLEET CAPTAIN

The Highland Lakes Windsurfing fleet will be kicking off the season with its first ever sanctioned invitational regatta on Saturday, June 29 and Sunday, June 30. It's the Spring into Summer Windsurfer LT Regatta. Much like the Sunfish SANJL regattas, this event is open to both members and nonmembers and proves to be a highly competitive yet fun weekend of racing. There will be two racing classes. The Open/Longboard class and the Windsurfer LT class which is a one design class where everybody is sailing on the same board with the same sail size. Results are based on talent and not equipment.

The Windsurfer LT is designed after the original windsurfer. The board, however, is much lighter, more stable and turns on a dime. It also has a padded deck with no foot straps to get in the way. The sail size is designed to be very manageable for both experienced windsurfers and novices. If you can windsurf upwind from point A to point B, turn around and go back to point A, you're qualified to race in the novice division.

There will be raffle prizes after Saturday's races and Sunday's festivities will be followed by awards. Don't miss out on the fun whether you're a competitor, volunteer or even a spectator. Call or text me with any questions. I can be reached at 845-893-2923. By the way, our regular season gets fired up on Saturday, July 6 at 3 pm. See you on the line.

Little Free Libraries

DORI ZARR

Last year I posted pictures of our two “Little Free Libraries” here in Highland Lakes. The organization is known throughout the United States and it is based in St. Paul, MN. Its purpose is to inspire readers through an exchange of books for adults and children. The book boxes are open 7 days a week, 24 hours a day. There are grants available to establish boxes in underserved areas. Pictured here is the Little Library I found in Jackson Hole Wyoming in February and our very own in Highland Lakes.

Calling All Golfers

Team Massimo Warriors Foundation will be hosting a Benefit Golf Outing on Thursday May 30, 2024, at Farmstead Golf & Country Club in Lafayette, NJ. Shotgun start is at 1 pm. We are accepting 4-somes, 3-somes, 2-somes and singles for golf. Cost is \$135.00 per golfer, which includes golf, prizes, dinner, basket raffle and hours of fun in the great outdoors! If you don't golf, come to the dinner at 6 pm for \$45 a person. If you want to donate a basket or gift or sponsor something, please call me. I would love to hear from you. For more information about registering for golf and/or dinner call Carol or Steve at 973-764-6521 or 973-670-0538.

About Massimo

Massimo was born at 23 weeks, 1lb. 6oz. In the delivery room, the doctors said that they did not expect much when he was born, and unless he showed any signs of a fight, they would just let things run their course and not help him. He came out fighting and crying as loud as he could, and the doctors went to work. Massimo spent 4.5 months in the Morristown NICU, growing, gaining strength, taking steps forward and backward. When he was finally released to come home, he was almost 5lbs.

Throughout his journey in the NICU, there was incredible support. The support came from family and friends, local fire departments and motorcycle clubs, and people from across the country who did not know the family but willingly sent supportive messages. They did so much to support the family that can never be repaid, and it was this support that kept them going, kept them fighting, and kept Massimo fighting.

Over the last nine years, they have traveled to Philadelphia, Delaware, St. Louis, and West Palm Beach, searching for experts to help Massimo. They have met some incredible doctors, nurses, and families going through various procedures and treatments on this journey.

Massimo is a very strong boy. Those of you who know him, know he is very determined and wants to do things himself. If you haven't met him yet, you can usually find him at Swim Team practice or at Beach 1 enjoying the water and with his friends. Come on and meet him. You will be glad you did!

The mission of Team Massimo Warriors Foundation is to help other families of children with special medical needs, give back to local volunteer organizations, and provide local scholarships. Thank you for your support.

Important Updates Regarding Summer Recreation Programs

Hello, my name is Melissa Hardin, and I'm thrilled to be the new Recreation Manager for our community. In my role, I oversee Water Safety, Clubhouse Activities, and the Athletics Program. I'm actively working towards building our volunteer network and developing new activities and events to add to our year-round calendar. As we gear up for summer fun, I want to ensure clear communication regarding some upcoming changes to our seasonal programming. While some of these adjustments are due to unfortunate circumstances like statewide lifeguard shortages and lack of volunteer coach participation, other changes are being made to enhance members' summer experience and streamline the planning process for everyone so that we can all enjoy a successful season. Below you will find highlights of the changes. Activity, swim lesson & youth athletics schedules and registration forms can be found on the Club's website: www.hlcc.org. I also strongly suggest you sign up for our weekly email blast hlcc.org/emailblast where we regularly send information about all the Club happenings and updates.

If you would like to be a coach, volunteer, have event suggestions or questions, feel free to reach out to me at recreation@hlcc.org.

We look forward to a fantastic summer season filled with engaging activities for everyone, and we appreciate everyone's understanding of the changes to come.

Sincerely,
Melissa Hardin
